

CALIFORNIA HEALTH AND SAFETY CODE
Section 121361 -- GOTCH REGULATIONS

- (a) (1) A health facility, local detention facility, or state correctional institution shall not discharge or release any of the following persons unless subdivision (e) is complied with:
 - (A) A person known to have active tuberculosis disease.
 - (B) A person who the medical staff of the health facility or of the penal institution has reasonable grounds to believe has active tuberculosis disease.
- (2) In addition, persons specified in this subdivision may be discharged from a health facility only after a written treatment plan described in Section 121362 is approved by a local health officer of the jurisdiction in which the health facility is located. Treatment plans submitted for approval pursuant to this paragraph shall be reviewed by the local health officer within 24 hours of receipt of the plans.
- (3) The approval requirement of paragraph (2) shall not apply to any transfer to a general acute care hospital when the transfer is due to an immediate need for a higher level of care, nor to any transfer from any health facility to a correctional institution. Transfers or discharges described in this paragraph shall occur only after the notification and treatment plan required by Section 121362 have been received by the local health officer.
- (4) This subdivision shall not apply to transfers within the state correctional system or to interfacility transfers occurring within a local detention facility system.
- (b) No health facility shall transfer a person described in subparagraph (A) or (B) of paragraph (1) of subdivision (a) to another health facility unless subdivision (e) is complied with. This subdivision shall not apply to transfers within the state correctional system or to interfacility transfers occurring within a local detention facility system.
- (c) No state correctional institution or local detention facility shall transfer a person described in subparagraph (A) or (B) of paragraph (1) of subdivision (a) from a state to a local, or from a local to a state, penal institution unless notification and a written treatment plan are received by the chief medical officer of the penal institution receiving the person.
- (d) No local detention facility shall transfer a person described in subparagraph (A) or (B) of paragraph (1) of subdivision (a) to a local detention facility in another jurisdiction unless subdivision (e) is complied with and notification and a written treatment plan are received by the chief medical officer of the local detention facility receiving the person.

- (e) All discharges, releases, or transfers described in subdivisions (a), (b), (c), and (d) may occur only after notification and a written treatment plan pursuant to Section 121362 has been received by the local health officer. When prior notification would jeopardize the person's health, the public safety, or the safety and security of the penal institution, then the notification and treatment plan shall be submitted within 24 hours of discharge, release, or transfer.

- (f) No health facility that declines to discharge, release, or transfer a person pursuant to this section shall be civilly or criminally liable or subject to administrative sanction therefor. This subdivision shall apply only if the health facility complies with this section and acts in good faith.

- (g) Nothing in this section shall relieve a local health officer of any other duty imposed by this chapter.
